

Walk-In Garden Windmill

This week Mr Bright installed another beautiful addition, of a rustic windmill, to our Walk-In garden. Many thanks Mr Bright!

This windmill has been kindly donated by Kingswood PS P&C Committee.

A windmill symbolises life, serenity, resilience, self-sufficiency, and perseverance – many of the characteristics that students and families have had to demonstrate during this year due to the COVID pandemic.

A more playful and colourful representation of the **windmill** is the pinwheel, which **symbolises** diversity, potential, transformation, wish fulfilment and childhood innocence. Mrs Taylor will be further developing this garden with colourful pinwheels in 2021 – so we look forward to these additions next year!

Both the windmill and pinwheels philosophies are supported by our school motto Strive to Succeed.

We thank the Kingswood PS P&C Committee and wider school community for continuing to support this endeavour.
