

## Glengarry Primary School 1:1 Technology Program

Dear Parents and Carers,

Thank you to families who have participated in the consultation process for our 1:1 Technology Program, by stipulating the way in which your family would be willing to participate in this exciting program. The response the school has received during the consultation process has been overwhelmingly positive, as demonstrated by the below graph. This Technology Program has also been supported and endorsed by the School Board, as well as an ICT Steering Committee comprised of parents and school staff members.

We would now like to invite parents of students entering **Year 4 in 2022** to purchase their iPad via Winthrop Australia, where devices are offered at a discounted education price. The purchasing portal is now live and can be accessed via the following link: <https://sales.winaust.com.au/shop/glengarryps>

As already stipulated, if your child has access to an iPad already owned by your family, this device can be used if it meets the school's specific requirements. The iPad will need to run iOS14, or later, and will need a

minimum of 32gb storage. Please note, the school will be installing a Mobile Device Management (MDM) program onto the iPad, which involves wiping the device. Wiping the iPad involves all apps, settings and data being removed. It is therefore recommended that you back up your iPad before your child brings it to school in 2022.

If your child is in **Year 5 or Year 3** in **2022**, please notify the school if you would be willing to purchase an iPad for your child if they were to be in a multi-aged class with Year 4 students. Email responses should be directed to [Hannah.cole@education.wa.edu.au](mailto:Hannah.cole@education.wa.edu.au).

Kind regards,

Hannah Cole  
Associate Principal
